2019 ANNUAL REPORT

EMPOWERING COMMUNITIES,

IMPROVING LIVES

POVERTY 360

OUR CORE VALUES

Excellence
We strive to ensure efficiency and effectiveness across our work.
We ensure the economic, political, social, and environmental well-being of Africa's most vulnerable people and their communities.
We strive to improve our practices and increase our impact.

Integrity
We are transparent, open, and accountable for our works, and consistently maintain high ethical standards.

We have built a long lasting relationship of trust with our stakeholders and the people and communities we serve.

Respect, Diversity and Inclusion
We demonstrate respect for our colleagues, partners, and diverse beneficiaries around the African continent.
We recognize and acknowledge diversity and value and value all people equally.
We ensure equal opportunity and address inequality within our operations.

Empowerment
We support voices that advocate for social, economic, and environmental advancement
We endeavor to reinforce the voices of the marginalized and underserved.
We ensure that every individual or group of individuals can fulfill their potential.

ABOUT POVERTY 360

Poverty 360 is a development and advocacy organization that employs an integrated approach to empower communities and improve the lives of Africa's most vulnerable populations. Our work is targeted towards improving access to education, energy, food, healthcare, environment, and economic opportunity for Africa's most vulnerable families and communities to overcome poverty and injustice. We accomplish that through collaboration with strategic partners to ensure sustainability. We serve all people regardless of religion, race, ethnicity, or gender.

OUR VISION

Poverty 360 seeks to guarantee social, economic, and environmental justice for Africa's most vulnerable communities.

OUR MISSION

Poverty 360 works to empower communities and improve the lives of Africa's most vulnerable people.

OUR FOCUS

We place women and girls at the forefront of our developmental agenda because we know we can only end poverty when we ensure equal rights for all.

WHAT WE DO

Water, Sanitation and Hygiene
Climate, Energy and Environment
Agriculture, Nutrition and Food Security
Economic Development

Health
Peace and Conflict
Gender Equality and Women's Empowerment

WHERE WE WORK

Ghana
Mali
Burkina Faso
Niger

OUR STRATEGY

Poverty 360 works to empower communities and improve the lives of the Africa's most vulnerable people by collaborating with experts, partners and women groups.

A MESSAGE FROM OUR CHIEF EXECUTIVE OFFICER

The 2019-2020 year was devastating for a great number of people around the world. The largest humanitarian catastrophe in a generation was brought on by the COVID-19 pandemic. Poverty 360 has prided itself on being responsive to the needs of marginalized people and communities in Africa. The mission of Poverty 360 wouldn't have been more crucial than the 2019–2020 period. We are aware of the destructive effects COVID-19 has had on African economies. We therefore leveraged on our mission to ensure that people and communities withstand challenges in the face of COVID-19. With the support of the United States African Development Foundation(USADF) and other donations, Poverty 360 supported dairy farmers and provided nutrition for children in Ghana. We provided safety precautions, financial, technical and logistical support to dairy farmers that helped them to stay in business, increased incomes, and ensured self-reliance while providing nutrition for hungry, undernourished children in Ghana.

Some of the success stories are presented in this annual report.

We are grateful that you are assisting us in building a prosperous future for vulnerable people and communities in Africa. We look forward to your continuous support in the upcoming year.

Thank you

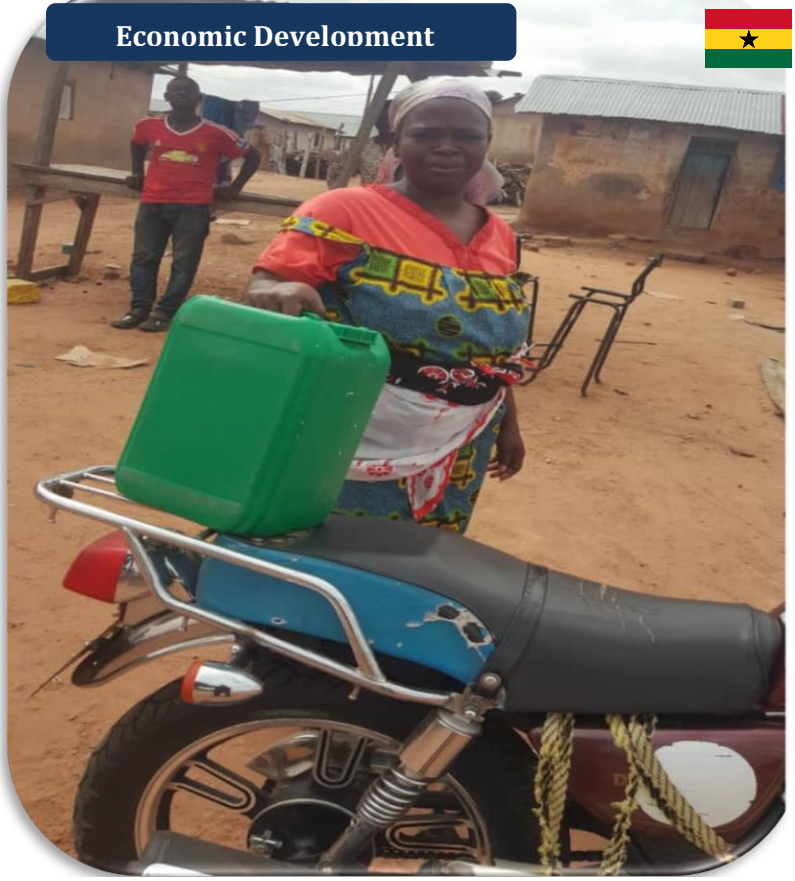
Sincerely,

Sherriff Abdul-Hamid

Chief Executive Officer

Health

Economic Development



BUILDING RESILIENCE AMONG DAIRY FARMERS IN THE WAKE OF COVID

When COVID-19 spread across the world, the challenges businesses were already facing intensified. In response, Poverty 360 with support from the USADF Capital for African Resilience-building and Enterprises Support (C.A.R.E.S) Program supported small businesses to thrive during COVID-19.

The project sensitized and trained dairy farmers on proper handwashing, wearing of nose-mask and other hygiene practices.

We also distributed supplies such as nose masks, hand sanitizers, liquid soaps and water dispensers to equip households and small businesses to stay safe and resilient.

Poverty 360 further supported 330 dairy farmers with book keeping, transportation and cold chain to store milk for sale in the wake of COVID 19. This intervention helped the beneficiaries to not only stay in business but also to increase revenue by 60%.

During the COVID-19 pandemic, I barely produced milk, and if I did, I had to throw away the unsold milk due to low sales. But the Poverty 360 project has helped me store and sell every liter of yogurt at a guaranteed price of 52 cents per litre, "says Fuseina Gali.

5000
Children received dairy nutrition support

330
Small scale dairy farmers supported to stay in business

450
Communities have access to handwashing stations

2019 FINANCIAL SUMMARY
